KNOW YOUR TECHNICAL PROJECTS

As part of your preparation, you **should** focus on two or three technical projects that you should deeply **master**. Select projects that ideally **fit** the following criteria:

- The project had **challenging** components (**beyond** just "learning a lot").
- You played a central role (ideally in the challenging components).
- You can talk at technical **depth**.

For those projects, and all your projects, be able to talk about the challenges, **mistakes**, technical decisions,

choices of technologies (and tradeoffs of these), and the things you would do differently.

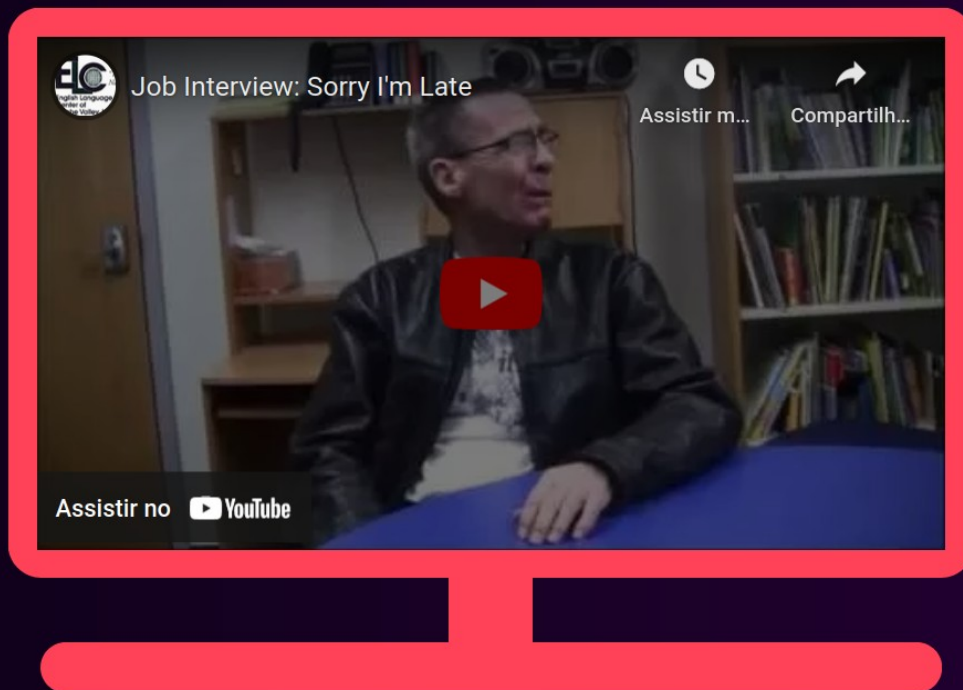

You can also think about **follow-up** questions, like how you would **scale** the application.

Review the pronunciation of the highlighted words.

Find the meaning of the highlighted words.

SORRY!

Choose the correct Answer.

John was late to the interview.

1. Yes, he was late.
2. No, he came early
3. No, he was on time

John isn't:

1. Unprofessional
2. Irresponsible
3. Punctual

Why does John want to work there?

1. Because it's a good company
2. Because he wants to fix his tooth
3. Because he likes the company's values
